

An Ocean Office, fitness overhaul, Vacay PA and the world's best Zoom backdrop: Vakkaru Maldives' Work Well package takes care of mind, body, soul and business.

Baa Atoll, Republic of Maldives - Just because the office is out of bounds doesn't mean you have to work from home. Offering the service of a dedicated Vacay PA; a bespoke fitness and nutritional programme; tailored recreational activities; and an Ocean Office set-up that provides what might be the world's most envy-inducing Zoom call backdrop, Vakkaru Maldives resort's Work Well package is custom-made for remote workers who during this strange time want to better their business, mind, body and soul in a setting that is nothing short of remarkable.

Available to guests who book a stay at Vakkaru Maldives for 21 days or longer, each Work Well residency includes a complimentary upgrade to a bigger villa that will include a specially decorated study equipped with a printer and office supplies, but every new arrival can also expect special benefits that are adapted entirely to their needs.

Committed to setting new standards of considerate service and care in the Maldives through its industry-leading hospitality concept Vakkare, Vakkaru Maldives is dedicated to promoting wellbeing in all its forms, and so a complimentary fitness programme will be developed for every Work Well guest. Devised in collaboration with the resort's wellness team, guest will have an opportunity to join one hour of complimentary personal training or wellness programme per stay, alongside the other scheduled wellness activities at the resort and one hour complimentary tennis-coaching session per week by world-class resident coach from Tipsarevic Luxury Tennis. Whether to shift excess Covid kilos, gain mental clarity, limber up or simply achieve the perfect serve, every Work Well arrival will be supported in achieving their own personal wellbeing and exercise goal when not getting down to business.

To make maintaining such virtuous habits as easy as can be during working hours, a Brain and Body Fuel pick-me-up will be provided to each Work Well guest every afternoon: again complimentary, this special delivery will be a constantly changing rotation of delicious, natural and healthy snacks and drinks. They might include mini fruit kebabs; oatmeal and peanut butter cookies; homemade granola; or vegan smoothies made with berries, banana, coconut milk and honey. For those days dominated by looming deadlines, Vakkaru's chefs can promptly prepare more substantial, reviving and off-menu room-service dishes perfect for fuss-free deskside dining.

For more practical considerations, guests can call on their personal Vacay PA to help with day-to-day tasks. Also trained to provide traditional butler services, they will be happy to print work documents, confirm flight arrangements, manage schedules, and assist with the organisation of meetings. Should Work Well guests decide a change of scene might be in order, their Vacay PAs can also move their workplace from their private study to a tranquil Ocean Office, a WiFi-accessible outdoor outpost where the brilliant blues of the Indian Ocean provide the most uplifting backdrop and gently lapping waves serve as background music. For those who don't mind irritating their colleagues back home, the setting provides a Zoom backdrop that is sure to draw awe-struck responses. For meetings, workshops and brainstorming sessions held on the private island itself, colleagues and groups who book the Work Well offering in unison can convene at their own Beach Boardroom, a barefoot meeting quarter pitched in Vakkaru's white-sand beaches. It gives new meaning to the concept of blue-sky thinking.

After another productive day of work and with their fitness and nutritional needs sated, Work Well guests will also find all manner of ways to roam and relax - and will even be able to add a few new hobbies, accolades and achievements to their lockdown LinkedIn profile.

Vakkaru Maldives stands in Baa Atoll, a UNESCO Biosphere Reserve that is home to mesmerising sea life, and the resort's dive centre Splash offers diving courses with PADI-certified instructors for all levels. An array of cooking classes, including a farm-to-table immersion held in the resort's peaceful organic garden, will also be on offer. To keep families entertained, Vacay PAs can arrange dolphin- and manta ray-watching cruises; family film nights complete with popcorn and homemade ice cream; and fun family sports days.

All those activities and amenities combined should ensure every Work Well guest's job-satisfaction results reach stellar levels. All of the benefits of the Work Well package are extended to all guests staying for 21 days or longer combined with Vakkaru Jubilant 2022 Long Stay Offer which for a limited time provides up to 25% discount on accommodation alongside 50% discount on return transfers, daily breakfast and dinner.
