# FITNESS & BODYWORK

## Pilates

This dynamic and invigorating program is designed to enhance strength, flexibility, and overall well-being through the principles of Pilates. Our experienced instructor brings a wealth of expertise to guide participants of all fitness levels through a series of controlled movements and exercises that focus on core strength, balance, and body awareness.

## HIIT

One of the most popular fitness classes worldwide, this high-intensity interval training incorporates heart-rate-raising moves through short bursts of intense exercise alternated with low-intensity recovery periods. Due to the intensity of the workout, HIIT can elevate your metabolism even for hours after exercise. This enables you to achieve results in improved muscle tone, fat burning, strength building, endurance and cardio fitness all in less time than by other methods.

## Functional Training

Experience a new level of fitness with our Functional Training that focuses on teaching your body to function as a whole. Through targeted exercises, you'll strengthen your entire body, unlocking a myriad of benefits for optimal health and vitality.

## Strength/ Stability Training

Elevate your fitness journey with a dynamic approach of Strength Training designed to enhance your muscles' strength, size, power, and endurance. Engage in resistance training to sculpt a resilient and powerful physique, as well as a Stability Training to improve coordination and overall strength.

## Bodyweight Training

Embrace the power of your own body as the ultimate workout tool with our Bodyweight Training program. This dynamic approach challenges and strengthens your muscles without additional equipment. Whether you're a beginner or a seasoned fitness enthusiast, you can improve strength, endurance, and flexibility, all while promoting functional fitness.

*The above classes are 60 minutes per session and chargeable as follow:*
